MARKET TREND: 2011-2012 FORECASTS

• 2010 will see the start of recovery but upturn will be slow at first before gathering pace in 2011 and 2012.

• Globally MT consumption expected to be roughly flat this year before rising by over 20% in both 2011 and 2012.

• Recovery is more rapid in Asia, followed by the Americas. Recovery in European markets is expected to lag than elsewhere.
The year 2010 began with some positive signs, further confirmed in 2Q10.

Order acquisition for Italian machine Tools manufacturers

Jan – Jun ‘10: +34% compared to Jan – Jun ‘09

where:
• domestic market was +39% and
• foreign market was +32%

Order acquisition Prima Industrie S.p.A.

Jan – Jun ‘10: +66% compared to Jan – Jun ‘09

where:
