

BORSA ITALIANA - STAR segment

PRESS RELEASE

ORDINARY SHAREHOLDERS' MEETING

Collegno (Turin), March 30th 2020 - Prima Industrie S.p.A. informs that the Ordinary Shareholders' Meeting will take place on **May 11, 2020** (1st call) and **May 12, 2020** (2nd call).

A Notice of call will follow, containing more information, including modes and procedures for attending the aforementioned Shareholders' Meeting.

PRIMA INDUSTRIE heads a leading Group in developing, manufacturing and marketing of laser systems for industrial applications, sheet metal processing machinery, as well as industrial electronics and laser technologies. The parent company Prima Industrie S.p.A. is listed on the Italian Stock Exchange since 1999 (MTA- STAR segment). With 40 years of experience the Group can count on about 13,000 machines installed in more than 80 countries worldwide and is among the main worldwide manufacturers in its own reference market.

The Group has over 1,750 employees and manufacturing sites in **Italy, Finland, USA and China**. Remarkable is as well its direct commercial and after-sales presence in BRIC, NAFTA, European Union and other emerging Asian countries.

The Prima Industrie Group is structured on 3 Business Units:

Laser and sheet metal processing machines (Prima Power): including design, manufacturing and marketing of:

- Laser machines for cutting, welding and drilling of 3D and 2D components.
- Machines for sheet metal treatment by means of mechanical tools (punching machines, combined punching/shearing systems, combined punching/laser cutting systems, panel benders and automation systems).

Industrial electronics and laser technologies (Prima Electro): including development, manufacturing and marketing of power and control electronics, and of high-power laser sources for industrial applications, destined both to the Group machines and to third parties.

Additive Manufacturing (Prima Additive): dedicated to the design, production and marketing of turnkey solutions for the main technologies in the field of Additive Manufacturing; Prima Additive's product range includes both Additive Manufacturing technologies: Powder Bed Fusion - PBF (powder bed fusion) and Direct Metal Deposition - DMD (direct deposition of metals), as well as the related application support and services.
